

New Alt Horizons : Modern Investments

Venture Capitalism : Promising Business

PROBLEM

- Rapid technological advancement
- Financial instruments quicker/more advanced than human
- Traditional investments and ETFs underperforming
- Between 2015 → Present, the US Dollar had an average inflation of 1.66% per year with a cumulative price increase of 10.36%

Case Study - Thrift Savings Plan (TSP) C-Fund

- Largest contribution plan for United States civil service employees, retirees and members of uniformed services with more than \$769.1 billion in assets.
- Objective matches the performance of the Standard & Poor's 500 Stock Index (S&P 500), made up of stocks of 500 large to medium-sized U.S. companies
- Invests in large and mid cap companies such as APPL, AMZN, FB, JNJ, GOOGL, V
- Over the course of 5 years, TSP's returns would have been less than 5% of inflation
